

Allianz Income and Growth - CMg2

Providing income and growth potential while helping to moderate downside risk

Fund highlights

- Potential to provide a steady stream of income: The Fund's three distinct asset classes—high-yield bonds, convertibles and equities with covered-call options—help capture multiple sources of income and capital appreciation throughout varying market environments.
- Potentially less volatile than a pure stock investment: The Fund's three-sleeve structure targets the upside potential of equities while potentially cushioning against declines.
- Extensive credit research: The highly credentialed investment team employs bottom-up, company-specific analysis with extensive credit research to identify companies demonstrating improving fundamentals.

Opportunities⁶

- Attractive potential returns of equities with other equity securities (ie. covered call, short-call option), high-yield bonds and convertible bonds
- Equities with covered call strategies pair a long position with a short-call option on the same stock generate premium and provide upside potential. It may also reduce exposure to equity market volatility
- Investments specifically in the US capital market
- Currency gains possible against investor currency in unit classes not hedged
- Flexible investment policy permits better use of opportunities
- Broad diversification across numerous securities
- Potential additional returns from security analysis and active management

Risks⁶

- Equities and other equity securities (ie. covered call, short-call option), high-yield bonds and convertible bonds may be subject to volatility and loss risks. The volatility of the fund unit price may be strongly increased
- Equity falls more than the respective call premium, resulting in the losses of premium cushions on equity holdings
- Underperformance of the US capital market possible
- Currency losses possible against investor currency in unit classes not hedged
- Flexible investment policy is no guarantee that losses will be excluded
- Limited participation in the potential of individual securities
- Success of single security analysis and active management not guaranteed
- Any distributions involving payment of distributions out of the Fund's capital may result in an immediate decrease in the Net Asset Value per Share and may reduce the capital available for the Fund for future investment and capital growth

2. Dividend payments are applicable for Class CMg2 Dis (monthly distribution) and for reference only. Yields are not guaranteed, dividend may be paid out from capital. Positive distribution yield does not imply positive return.
3. Annualized Dividend Yield = $[(1 + \text{Dividend Per Share} / \text{Ex-Dividend Date NAV})^{12} - 1] \times 100$. The annualized dividend yield is calculated based on the latest dividend distribution with dividend reinvested, and may be higher or lower than the actual annual dividend yield. Positive distribution yield does not imply positive return. Dividend is not guaranteed.
4. Credit ratings apply to the credit worthiness of the issuers of the underlying securities and not to the Fund or its shares. Ratings are subject to change. Credit Quality reflects the higher of the ratings of Standard & Poor's Corporation and Moody's Investors Service, Inc. Only one rating will be utilized if only one is available. Ratings are then adjusted to the Standard & Poor's rating tiers shown. Ratings are measured using a scale that ranges from AAA (highest) to NR (not rated). Not rated securities do not necessarily indicate low quality. Ratings are relative, subjective and not absolute standards of quality, and represent the opinions of the independent Nationally Recognized Statistical Rating Organizations (NRSRO). The security's credit rating does not eliminate risk. The Fund is not rated by an independent rating agency.
5. If the acquisition of Fund units is subject to a sales charge, up to 100% of such sales charge may be collected by the distributor; the exact amount shall be mentioned by the distributor as part of the investment advisory process. This also applies to any payment by the Management Company of an ongoing distribution fee from the all-in fee to the distributor. The all-in fee includes the expenses previously called management, administration and distribution fees.
6. The investment opportunities described herein are for reference only but not guaranteed and are not indicative of future performance. The risks described herein are not meant to be exhaustive, please refer to the offering documents for details of risk factors.
