

Allianz Europe Equity Growth Select - AT

A concentrated portfolio of European equities that have attractive structural growth potential

Fund highlights

- **A concentration of ideas:** The Fund is part of the AllianzGI Europe Equity Growth Platform, one of the oldest and successful European focused equity platforms. The platform manages approximately \$22 billion of AUM. The Europe Equity Growth Select Fund combines 30 to 45 of the highest-conviction investment ideas from the European Equity Growth platform. The Fund invests in a concentrated base of companies that we believe offer compelling structural growth opportunities. This has helped consistently generate alpha in both rising and falling market environments.
- **Opportunities that support strong convictions:** The Fund takes an active-management approach to investing; this approach helps identify high-quality European companies that we think can sustainably grow their cash flows and earnings over the course of a market cycle, advantages that are likely not yet fully realized by the market.
- **An experienced team with global reach:** The Fund has a dedicated nine-person investment team supported by a global network of investment professionals. Furthermore, portfolio managers can also tap the firm's other proprietary resources like Grassroots® Research, which provides unique market analysis of company and industry trends.
